

Pressure Washers & Steam Cleaners For Plant Equipment & Facilities

CONVENTIONAL STEAM CLEANERS AND PRESSURE WASHERS FOR GENERAL MAINTENANCE

Sioux Steam Cleaners clean production machinery and plant equipment, dissolving grease, oil, dirt and grime. They clean buildings and vehicles, and are excellent for general plant and grounds maintenance.

Sioux hot pressure washers are also available as self-contained units with an integrated pressure washer, water tank, and gasoline or diesel engine on a heavy-duty skid or over-the-road trailer.

These custom designed machines will clean at remote locations or where there is no water, fuel, or electrical source.

Sioux Steam Cleaners feature 320°F saturated steam. Pressure washers provide 200°F high pressure hot water. Combination units are also available which provide steam cleaning, hot pressure washing and cold pressure rinse in one compact unit.

ALL-ELECTRIC WASHERS CLEAN WITH NO AIR CONTAMINATION

Sioux manufactures a line of All-Electric steam cleaners and pressure washers for maintaining plant facilities. Ideal for cleaning production machinery and plant equipment, these models dissolve grease, oil, dirt and grime. They are also great for cleaning buildings and vehicles.

Sioux All-Electric units emit no contaminants into the surrounding air. They are ideal for indoor use, complying with the Clean Air Act. They produce no flame, no exhaust that require no fossil fuel.

No pre-heating or recovery time is needed, hot water is available instantly and continuously for unlimited time periods.

Explosion-proof models are available for hazardous locations. Any Sioux All-Electric unit can be built to Class I (Group D) or Class II (Groups E & F) specifications.

Sioux offers over 65 models of All-Electric steam cleaners, pressure washers and combination units with ratings from .6-8 GPH, 100-3000 PSI.

COLD PRESSURE WASHERS USE IN-HOUSE HOT WATER

Sioux cold pressure washers can use your in-house hot water to provide high-pressure hot water for cleaning walls, floors, equipment and production areas. This is an inexpensive alternative to purchasing a special hot water unit.

Cold pressure washing is also excellent for cleaning grounds and vehicles, Ratings are 3-5 GPH, 1000-5000 PSI.

APPLICATIONS

| | STEAM CLEANER | HOT PRESSURE WASHER | COLD PRESSURE WASHER |
|--|---------------|---------------------|----------------------|
| Degrease engine blocks, motors, fans and undercarriages | X | | |
| Wash down heat exchangers, air conditioners and compressors | X | X | |
| Clean conveyors, walkways and engine rooms | X | X | X |
| Clean and sterilize dumpsters and garbage areas | X | X | |
| Clean and degrease parts, tools and equipment | X | X | X |
| De-Ice frozen valves, roofs, culverts, pipes and equipment | X | X | |
| Wash down floors, walls, ceilings and parking areas | X | X | X |

"X" Indicates the best unit for each application.

Sioux is the industry leader in custom, application-specific designs.

A wide range of options are available, including 50 Hz electricals, custom frames, water tanks, trailers, and other accessories to provide the EXACT equipment you need.
